

The background of the slide is a dynamic splash of water, with various droplets and bubbles in shades of blue and white, creating a sense of freshness and movement.

Consejos Lavado en Hidrocarburos

limpio y fresco

Esencia para hidrocarburos

Si se quiere asegurar un aroma fresco al final del lavado, se puede utilizar TINTOFLOR, la esencia se puede utilizar también para los lavados en hidrocarburos.

Uso: añadir en el segundo baño.

The image shows the Tintoflor product packaging, which is a tall, orange, rectangular container with a green dashed border at the bottom. The word "Tintoflor" is written vertically in white on the orange background. To the left of the container is a circular silver-colored cap with a green liquid inside. Above the cap is a green circular logo with the text "Professional Textile Cleaning" and "limpio y fresco" written in a stylized font. The Tintolav logo is also visible, featuring a blue circle with a white building icon and the text "Tintolav Experience in evolution". A green triangle with the text "Professional Use" is positioned to the left of the Tintolav logo.
